

WIND energy

Environmental certificate

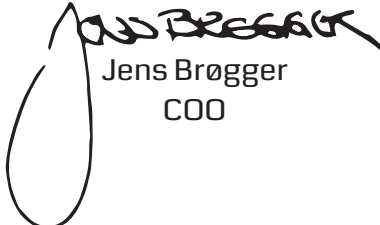

S. Sørensen I/S

has converted 100% of its electricity purchase
to renewable energy produced by
Danish wind power in the period

from 01.01.2022 to 31.12.2027

Choosing WIND energy helps protect the environment
and strengthens the production and investment
in environmentally friendly energy.

Environmental certificate no: 500018114
